

Before & After School Play Procedures

Bungunya State School

Playgrounds and Equipment

It is expected that all children should arrive at school after 8:30 am and arrive by 8:55 am.

As play on equipment requires direct supervision, to avoid the possibility of accident from improper use, unsupervised play on such equipment is not allowed both before and after school.

A voluntary before school fitness program is supervised by a teacher aide on Tuesday, Wednesday and Thursday mornings. Students who do not wish to participate in the voluntary fitness program are to remain seated quietly outside their respective classrooms.

On Monday and Friday mornings, students are to remain seated outside their respective classrooms until invited into the classroom to participate in supervised before school activities.

Out of School Hours Activities

Children are to be supervised by parents or care givers during out of school hour's activities. Normal school rules, safe activities and positive behaviours are expected.

Leaving school grounds

Once children have arrived at school, they must NOT leave the school grounds, until normal dismissal, without the permission of the Principal. Such permission is conditional upon the receipt of a specific written request, signed and dated by a parent or guardian, except in special circumstances or emergency situations, where permission may be granted at the discretion of the Principal.

A parent or guardian may make telephone contact to the Administration in cases of urgency where the need for their child to leave the school grounds was unanticipated. Under these circumstances a child may also be collected at school by a parent or guardian upon advising the school office. Where contact is by telephone, arrangements should be made to collect the child from the office or classroom, NOT from outside the school grounds.
